

Huntsville Soccer Club

Happy Policy

Issued: January 16, 2016

Approved: September 20, 2017

Purpose and Applicability

Everyone has the right to participate in a hospitable environment. Everyone has the choice and the responsibility to ensure where he/she works/volunteers is positive.

Volunteers are the representatives of the Huntsville Soccer Club and as such, should treat everyone they interact with with kindness, courtesy and respect. This policy is to serve as a reminder of this.

Procedure and Responsibility

What it means:

- We always treat each other with respect.
- We always act in a kind and considerate manner.
- Everyone strives to work in a positive way and interact positively with their peers.
- Being honest, admitting mistakes and being okay with it as well as okay with others mistakes; we all make them.
- Being productive while sharing the sense of satisfaction which promotes happiness.
- Cooperating, teamwork and working to the same goal.

What it doesn't mean:

- We are not permitted to provide constructive criticism to each other.
- One can justify negative behaviour.

Happiness is when what you think, what you say, and what you do are in harmony.
